Regional Competition General Rules

ELIGIBILITY FOR PARTICIPATION

In order to maintain and ensure the integrity and true spirit of competition, 'Student status' and 'age' are the two criteria that determine the eligibility for participation in the regional competitions.

1 Student Status:

Only students currently enrolled in Sunday school (SS) grades from Kindergarten to Class X (10th grade) in the churches under the direct jurisdiction of the Malankara Archdiocese of The Syrian Orthodox Church in North America are eligible to participate in the competitions. Students who have completed the Class X (whether they have passed, failed, or pending Exam re-take status) in previous years will not be eligible to take the competition.

(Following apply ONLY to those regions with churches conducting 11th and 12th Grades)

Effective calendar year 2016 students who have passed SS 10th grade exam and are **age 18 or less** may be allowed to participate in competitions, based on regional preference, as long as those students are still part or SS in student status (11th/12th grade) and/or serving in substitute teacher role.

2. Age:

Students up to age of 18 years only will be eligible to participate in the Regional Competitions.

A participant can participate only in his/her own 'age group' including for group items except for 'Quiz' competition.

Age groups: The groups are divided strictly based on the age of students as given on the website. There will no longer be classifications made on the basis of Sunday school class or Regular School class.

3. Age and Student Status' Certification:

For the student to meet eligibility requirements, the Sunday school Headmaster/Headmistress of the participating churches must attest the 'current student status', 'age' and 'age group' of their respective Sunday school students by providing a registration document signed by both the Headmaster/Headmistress and the Vicar of the church. The date of birth of each participant should be provided 'mm/yyyy' format.

Following Sections are General Guidelines – Regions may adopt it as is or make modifications to fit “General Practice” in your region

5. Elocution Competition:

Based on a thoroughly considered decision by the Sunday School board, an amendment to the Elocution Competition Rules has been incorporated from year 2012 onwards. The change is as follows:

All Elocution participants are eligible to refer to a "cue card" (index card) with the following parameters:

1. Cue Card must be a standard 3x5 inches index card
2. Only one side of the index card may be used to keep speech notes
3. The index card should be used strictly as a reference and should not be used as a source to read directly from
4. No other written or electronic aides will be allowed during the Elocution competition
5. The judges may choose to review index cards of all participants before the Elocution competition commences

The change is effected to allow participation of more students in the elocution competition. The use of a cue card enables the orator to take the emphasis off from complete memorization of the speech and thus allows speakers to concentrate more on the speech delivery, body language and voice projection.

Note: The determination of points and final scoring will be at the judge's discretion

Designate one person for each session to assist the judges, by supplying them with participant lists, collecting the scoring sheets, and general facilitations.

A team of not less than 5-6 people to evaluate the bible verse

A dedicated team to compute the results (2-3) at a time is ideal.

A team for writing the certificates - explore the possibility in automating Certificates.
